Subject: Extension to the 2009 Delay of Enforcement  
California International Registration Plan (IRP)

The California Department of Motor Vehicles has experienced delays in the processing of 2009 IRP renewal application. As a result we are requesting all jurisdictions delay enforcement of California IRP **through March 31, 2009**, for any vehicle that has valid 2008 California IRP plates and cab card or temporary operating authority (REG 3100 or REG 2126 IRP) that expires on December 31, 2008. Temporary operating authority that expires before December 31, 2008, is not included in this delay of enforcement.

This request supersedes the previous memo dated December 3, 2008, in which a delay till February 28, 2009 was requested.

All IRP applications are expected to be processed by March 31, 2009, including late filers. The applications will be processed in the order they were received. Those with underpaid fees and missing documents will not receive indicia until corrected. Please disseminate this information to all interested persons or agencies within your jurisdiction.

If you have any questions regarding the IRP registration status of any California based IRP registered carrier, please contact the IRP Operations Section at (916) 657-7971, during business hours of 8:00 a.m. to 5:00 p.m. PST, Monday through Friday.
